**Stone Town Council – Tourism & Town Promotion Sub-Committee**

**9<sup>th</sup> January 2018**

**Tourism and Town Promotion Sub-Committee Budget 2018-19 to 2020-21**

**Report of Town Clerk**

**Introduction**

1. The purpose of this report is to determine the level of budget for services under its control that the Sub-Committee wishes to recommend to the General Purposes Committee meeting on 23<sup>rd</sup> January 2018.

**Background**

2. The General Purposes Committee on 5<sup>th</sup> December 2017 considered the standstill budget for 2018-19 and indicative figures for the next two years based on a number of assumptions contained within the report.
3. The figures for this Sub-Committee are:

<b>Actual 2016-17 £</b>		<b>Budget 2017-18 £</b>	<b>Forecast 2017-18 £</b>	<b>Budget 2018-19 £</b>	<b>Budget 2019-20 £</b>	<b>Budget 2020-21 £</b>
13,768	Christmas Lights	15,000	13,300	15,000	15,500	15,900
636	Advertising	500	700	700	700	700
18,880	Tourism & Town Promotion	21,600	21,200	21,500	21,100	21,700
<hr/> <b>33,284</b> <hr/>	<b>TOTAL</b>	<hr/> <b>37,100</b> <hr/>	<hr/> <b>35,200</b> <hr/>	<hr/> <b>37,200</b> <hr/>	<hr/> <b>37,300</b> <hr/>	<hr/> <b>38,300</b> <hr/>

4. In respect of the figures above, Members should note:
  - a. The Christmas Lights budget includes the cost of providing the lights, and the electricity to run them, but not the costs of the switch-on event which are included in this Committee's Tourism & Town Promotion budget. The budget reflects the agreed contract payments to Christmas Plus together with a contingency for maintenance and replacement of the infrastructure and Council owned lights.
  - b. The Advertising budget is currently being used for one advertisement per year in the Stone Festival edition of the Gazette. This has been continued into future years.
  - c. The Tourism and Town Promotion budget includes provision for hanging baskets throughout the town centre (£5,000), the Christmas lights switch-on event (£3,000), a provision towards a World War One event in 2018 (£1,000 up to 2018-19 only) and a general contingency for town promotion events, including the Music Festival (£11,900). Inflation is also added to these figures.

5. As reported to the meeting of the General Purposes Committee on 5<sup>th</sup> December, the standstill budget is just the starting point for the budget process. Members will want to review this standstill budget and the amounts provisionally included. In addition, there are likely to be other areas where Members will want to undertake new developments or stop/change the things that the Council is doing now.
6. The Sub-Committee is asked to consider the standstill budget and any areas of growth or savings which they would want to be taken into account in setting the budget for 2018-19 and future years.

### **Recommendations**

7. Members are asked to recommend their proposed budget for consideration by the General Purposes Committee on 23<sup>rd</sup> January 2018.

**Attachments:** Battle's Over Guide v14.pdf

Dear Participants,

RE: EARLY UPDATE & NEW GUIDE TO TAKING PART IN 'BATTLE'S OVER - A NATION'S TRIBUTE 11TH NOVEMBER 2018'.

We were due to update you in JANUARY NEXT YEAR. However, the new Guide To Taking Part has been completed early, outlining the whole days activities - (PLEASE SEE ATTACHED GUIDE),

From the Guide, you will now see all the four elements relating to 'Battle's Over' on 11th November 2018:

6.00AM: 'Sleep in peace, now the battle's over' - 6.55PM: 'Battle's Over - The Last Post' - 7.00PM: 'WWI Beacons of Light' - 7.05PM: 'Battle's Over - Ringing out for peace'.

With regard to Battle's Over - Ringing out for peace, we would be delighted if you would approach your local Cathedral/Minster/Churches encouraging them to take part by ringing their bells at 7.05pm to help us achieve the sound of thousands of bells ringing across our nation that night. Our overall aim is to have 1000 Cathedrals/Minsters/Churches involved, so would be extremely grateful if you would approach them as soon as possible, asking those wishing to take part, to email us the following information by no later than the 31ST OCTOBER 2018 please, to ensure we list them in the Guide during it's three monthly update taking place every three months from the 31st October 2017, through to 31ST OCTOBER 2018. Please ask them to send the details below to [brunopeek@mac.com](mailto:brunopeek@mac.com)

Name of Cathedral/Minster/Church etc:

From page 2 of the Guide, you will see the special certificate produced for this occasion to enable participants to download it from 30TH NOVEMBER 2018, so you/they can print it off and frame it as a permanent reminder of your/their involvement in this unique day of commemoration.

Please be kind enough to ensure you have undertaken all the elements relating to page 13, to ensure a safe and enjoyable event on 11th November 2018. We will send you an outline press release during OCTOBER 2018, so you can localise it regarding your event, before YOU send it to all your contacts within your local media to ensure they are aware of your involvement in this unique tribute. (Please plan around distributing this press release on FRIDAY 2ND NOVEMBER 2018). Our next update to you will be in JULY 2018.

However, in the meantime, may I take this opportunity to pass on my warmest best wishes and to thank you once again for your amazing support and involvement, and wish you well with your planning.

## BATTLE'S O V E R

A NATION'S TRIBUTE

11TH NOVEMBER 2018

100 YEARS OF REMEMBRANCE

*Your chance to pay your  
personal and community  
tribute to those millions  
that gave their lives  
for their country  
or returned home wounded  
during or after the dreadful  
darkness of four years of War  
1914 - 1918*

**On 11th November 2018, the United Kingdom and its friends overseas will mark the day 100 years ago when the guns fell silent at the end of the First World War.**

You can play your part in remembering the sacrifice of millions of men and women by joining us in Battle's Over, a unique series of events in the morning and evening involving organisations and communities the length and breadth of our nation and in many countries abroad.

- **Battle's Over - Sleep in peace, now the battle's over**
- **Battle's Over - The Last Post**
- **Battle's Over - WWI Beacons of Light**
- **Battle's Over - Let the Bells Ring Out**

### **6.00am - Battle's Over - Sleep in peace, now the battle's over**

The sound of 1,000 bagpipes will fill the air before dawn has broken on 11th November 2018. In cities and towns throughout the land individual pipers will play Battle's O'er - a traditional air played by pipers after a battle. heralding the start of the day's commemorations, they will play the haunting tune outside churches and cathedrals, in market squares and muddy fields, on hilltops and high streets, in valleys and village greens throughout the United Kingdom, Channel Islands and the Isle of Man, and at scores of locations overseas, including Australia, Canada, the USA, Germany, South Africa, France, Spain, Denmark, Israel and Somalia to name but a few.

A lone piper will play Battle's O'er in front of the Tomb of the Unknown Warrior at Westminster Abbey, London, with others undertaking a similar performance in front of cathedrals in the UK. At the same time, pipers everywhere will be playing the same tune in their local communities.

Following the playing of this piece of music at the Merchant Navy Associations National Memorial, Trinity Square Gardens, Tower Hill, London, at 6am, through to 7pm, when a WWI Beacon of Light will be lit, the 15,000 names of those brave Merchant Navy Seamen who lost their lives during this

dreadful war will be read out by a range of people from all over the United Kingdom, in remembrance of the sacrifices made.

We anticipate that this unique tribute, organised in association with the Glasgow-based College of Piping, will start the centenary media coverage on television and radio, and will provide some of the day's most moving and atmospheric sights and sounds, so if you wish to encourage a local Piper to participate by playing Battle's O'er at a location of their choice (excluding Cathedral's), please ask them to register asap, providing the following information to:

[battlesoer@collegeofpiping.org](mailto:battlesoer@collegeofpiping.org)

**Name of Piper, Address, Country, County, Tel, Email**

### **6.55pm Battle's Over - The Last Post**

In association with the Air Training Corps, Army Cadet Force, Sea Cadet Force and the Light Infantry Buglers Association, the Last Post will be played at many of the 1,000 WWI Beacon sites throughout the United Kingdom, involving young people and others paying their personal tribute to those that gave their lives during World War I.

### **7.00pm Battle's Over - WWI Beacons of Light**

Later that day, after darkness has fallen, more than 1,000 Beacons of Light will be lit throughout the United Kingdom, Channel Islands, Isle of Man and UK Overseas Territories.

This is a commemoration inspired by a comment made on 3rd August 1914 by Britain's Foreign Minister, Sir Edward Grey. He was looking out of his office window at dusk as gas lights were being lit along London's Mall when he remarked to a friend, "The lamps are going out all over Europe; we shall not see them lit again in our lifetime."

Our country was about to be plunged into the darkness of the First World War, and it would be four long years before Britain and Europe would again experience the light of peace.

In remembrance of the end of the war and the millions who were killed or came home dreadfully wounded, Beacons of Light will be lit around the country at 7pm on 11th November 2018.

The event will also commemorate the huge army of men and women on the home front who, often in dangerous and exhausting conditions, underpinned the war effort - keeping the wheels of industry turning and bringing home the harvests. The beacons will symbolise the light of hope that emerged from the darkness of war.

Among the communities and other organisations that have confirmed their involvement are the Tan Hill Inn, Yorkshire Dales, the highest pub in Great Britain; Unst, the most northerly inhabited island in Scotland; St David's, the most westerly city in Wales; Lowestoft, Suffolk, the most easterly town in England, and St Macartin's Cathedral, Enniskillen, the most westerly location in the United Kingdom. We do hope that your council and community will also choose to take part in this historic tribute.

There are a number of cost-effective ways of participating.

- (1) Use existing beacon braziers set on tall wooden poles and gas-fuelled beacons previously used for other historic anniversaries, celebrations and commemorations.
- (2) Build and light a traditional bonfire beacon.
- (3) Purchase the gas-fuelled beacon being specially produced for this project. Afterwards, it can be stored and used for future events. See page 10.
- (4) Build and erect a new beacon brazier on a tall wooden pole, using it as a permanent tribute to those that lost their lives in your local community during World War I. See page 11. (You may need to apply for planning permission so please contact your Local Authority Planning Department to seek their advice).

Councils, organisations and individuals taking part will be able to immediately download the official Battle's Over logo free of charge by going to [www.brunopeek.co.uk](http://www.brunopeek.co.uk) and similar for the special certificate shown on page 2 from 30th November 2018 by going to the same website as a permanent reminder of their involvement in this tribute.

Those wishing to participate in the lighting of the World War 1 Beacons of Light, please go to page 9.

As you will see from pages 15, 17, 19, and 21, we have four worthy and appropriate charities associated with this event, representing the Royal Navy, Army, Royal Air Force, and Merchant Navy. Please feel free to make donations direct to one or more of them. You may also wish to consider staging a public collection for them around the lighting of your beacon.

### 7.05pm Battle's Over - Ringing out for peace!

As beacons blaze around the country, bells in 1,000 churches and cathedrals will ring out in celebration of the end of the First World War. Many people in Britain live within hearing of church bells, which call congregations to prayer and mark special occasions. But the sound of mighty bells, some of which are hundreds of years old, also provides a stirring soundtrack to historic events.

The ringing of bells to celebrate the end of the Great War is being organised in association with the Central Council of Church Bell Ringers, the representative body for groups who ring bells in the English tradition with rope and wheel. It was founded in 1891 and represents 65 affiliated societies of local ringers from all over the British Isles and many other countries from Australasia to North America to Africa.

The stirring sound of church and cathedral bells will provide a fitting conclusion to a day of contemplation, commemoration and, ultimately, celebration as our country and other nations reflect on events a century ago on the battlefields of Europe and at home in our factories and farms.

Please encourage your local Cathedral, Minster or Church to participate by ringing their bells at 7.05pm that evening, asking them to provide us with the following information to:

[brunopeek@mac.com](mailto:brunopeek@mac.com)  
**Name of Cathedral, Minster, or Church, Address, Country, County, Name of Contact, Tel, Email**

### Please join us

Those millions of brave men, along with the many left at home, did their duty for their country during the dark days of war, so let us do our duty by them, remembering and honouring them through Battle's Over.

We encourage you therefore to join the many thousands of people already taking part, by participating in this unique community project, commemorating the bravery and personal sacrifice made by so many, along with celebrating the light that emerged from the darkness of war

# 'Sleep in peace, now the battle's over'

**"The origins of military music derive from the demands of war itself," wrote Lt. Col. David J. Murray in his seminal publication from 1994, *Music of the Scottish Regiments*. "From earliest times until the invention of radio as a means of communication, it had three principal functions. These were to pass orders and give signals in battle; to regulate the military day in camp and garrison; and 'to excite cheerfulness and alacrity in the soldier'."**

The highland piper had been a prominent member of the social hierarchy of Scotland's clan system since the 15th century, when the piper seems to have ousted the bard and the harper from their positions. When the clan took the field as a fighting unit, the piper went with it, and was able, by means of the robust tone and volume of his instrument, both to entertain the men on the march to the battlefield and in their bivouacs, and also, importantly, to encourage them during the prelude to battle by playing the warlike music of the clan. In Gaelic, this rousing is called the 'bronsnachadh.'

The existence of pipes with a Scottish regiment dates to at least the 1680s. At the Battle of Waterloo the pipers played inside the squares as the French advanced, while on the march they played to cheer the soldiers up. All this changed with the arrival of the metalled road, which was to lead to the emergence of the bagpipe and drum combination, and to an avalanche of compositions in march tempo.

From the time of Waterloo, continuous efforts had been made to have the pipers recognised as an integral part of the musical resources of the Scottish regiments. The highland regiments owed the approval of their pipers to the indirect influence of Queen Victoria and it was she who decreed that "the pipers shall play in front" of the regiments. The Queen decided she must have her own piper and in 1843 Angus MacKay was appointed as the first Sovereign's Piper, a tradition that has been maintained by the monarch ever since.

Throughout history there are many examples of military pipers raising the morale of fighting troops at critical moments in battle. Piper George Findlater on the north-west frontier of Afghanistan in 1897, and Piper Daniel Laidlaw VC at the Battle of Loos in 1915 spring immediately to mind. The sound of the pipes boosted morale amongst the troops and intimidated the enemy but in doing so pipers were an easy target for the enemy, particularly during the Great War when they would lead the men 'over the top' of the trenches and into battle. Around 2,000 pipers were either killed or injured.

The origin of the Retreat march was to warn the soldier to return to his company in order to answer to his name at roll call. The tune, *When the Battle's Over* is a classic Retreat march. It was composed by Pipe Major William Robb (1863-1909) of the Argyll and Sutherland Highlanders and established itself quickly in the pipers' repertoire between the Boer War and Great War. It remains a very popular tune with pipers and pipe bands and it is fitting that it is the tune pipers will play at 06.00 hours throughout the United Kingdom and other countries throughout the world as part of the Battle's Over unique tribute that day.

In 1961, the singer Andy Stewart put lyrics to the tune. The chorus goes:

*March no more my soldier laddie,  
There is peace where there once was war.  
Sleep in peace my soldier laddie,  
Sleep in peace, now the battle's over.*

# History of the Last Post - 'The People's Anthem'

**"The Last Post" - A phrase that conjures up sombre thoughts, images, and a sense of finality and closure.**

Although now recognised as the Bugle Call signifying the 'Final Farewell' at a military funeral or Remembrance Parade, it was originally a call used daily by the Army. It followed "The First Post" (which signalled the start of the Duty Officer's inspection of the sentry posts) and signalled that the inspection of the final sentry post had taken place and all was secure for the night. It was first published in 1790, and during any prolonged battle it was also sounded to signal that fighting was over for the day and that any combatants

who were still out in the field or were injured should find help or refuge by following the sound. From 1850 it became the custom overseas for it to be played when a soldier died or was killed in action and for the Regimental Bugler to play it at the graveside. The transition of the Call from being an official tune for timekeeping to one of mourning occurred during the 1880s when the overseas graveside tradition began to be observed at home.

Its use in a symbolic way during Remembrance Day parades and ceremonies signifies its acceptance as a token of remembrance as well as of death.

HG Wells is credited with calling the First World War (or the Great War as it was originally known) "the People's War" and the Last Post became the British People's Anthem, being heard with monotonous regularity during the War. The Last Post was not performed on the first Armistice Day in 1919, but was heard the following year and the practice has continued to this day.

Because of the intensity of this simple piece of music it has been incorporated into the Finale of "In Memoriam" by Robert Steadman as well as "The Armed Man" by Karl Jenkins.

In 1928, the custom started for the Call to be played at the Menin Gate, Ypres, Belgium every night at 8pm, apart from 20th May 1940 to 6th September 1944 due to the German occupation.

## The History of 'English Change Ringing'

**The sound of bells ringing is deeply rooted in British culture. Bells provide the grand soundtrack to our historic moments, calling us to wake, to pray, to work, to arms, to feast, to celebrate and, in times of crisis, to come together.**

The early missionaries used small handbells to call people to worship, with bells being introduced into Christian churches around 400 AD.

Following the Reformation, many churches began to use a new technology of bells mounted on a whole wheel, which gave greater control, with the final refinement of a 'stay' and 'slider' to be able to 'set' the bell. The ringer could now rotate the bells 360 degrees and stop and start the ringing at will.

Competition developed for who had the most bells, and there was increased interest from lay people, who took over the belfry from the clergy. Rules evolved and 'changes' could be learned by heart to create patterns where the bells are never sounded in the same order twice. These compositions were named 'methods', often titled after the cities they were first rung in such as Norwich, London and Cambridge.

By the middle of the 18th century the ability to stand for three hours to ring a peal of 5040 changes was common, with a crowd of listeners eager to hear. Today bells ring out in the English style across the world.

During the First World War c1400 bell ringers lost their lives in service of their country. The Great War Memorial Book of Church Bell-Ringers who fell in the war is on display near the ringing chamber at St Paul's Cathedral, London. It bears the following inscription:

"They whom this book commemorates were numbered among those, who, at the call of King and Country, left all

that was dear to them, endured hardness, faced danger, and finally passed out of the sight of men by the path of duty and self-sacrifice, giving up their own lives that others might live in freedom."

At the end of the war the bells rang out across the country to celebrate the coming of peace, and have followed in that celebratory role ever since. 95% of bells in the UK 'rang in' the Millennium, a bell announced the opening of the London Olympics in 2012 and, as part of the Her Majesty the Queen's Diamond Jubilee celebrations, a floating belfry with eight bells led the Thames Pageant of 1,000 boats.

In 2017 a ring of 8 bells is being installed at St George's Memorial Chapel in Ypres, whose bell tower has stood empty due to lack of funds since the chapel was built in 1927. The project has cost £250,000 in total, but there has been no trouble raising those funds - the fallen of the Great War are not easily forgotten, and the sound of bells ringing out both in commemoration and to celebrate peace is clearly still as important to many as it was in 1918.

Christopher O'Mahony,  
President of the Central  
Council of Church Bell  
Ringers.

## Beacon Lighting Ceremony - 7pm on 11th November 2018

The Beacon lighting ceremony should be undertaken as follows:

**Step 2:** Invite your Lord Lieutenant, DL, Lord Mayor, Mayor, High Sheriff, High Steward, Lord Provost, Chairman or Leader of the Council. However, you may wish to consider running a competition in partnership with your local media, with the winner having the honour of lighting your WWI Beacon of Light at 7pm that evening.

**Step 3:** Please arrange to have professional photographs taken during your event, and immediately after, please send NO more than TWO high quality, copyright-free photographs to [brunopeek@mac.com](mailto:brunopeek@mac.com) including the name of the photographer, the Beacon location, including postcode, along with the name of the Council or Organisation.

**Step 4:** If appropriate, please use social media channels - Twitter, Facebook etc - to promote your event. On Facebook, post photographs of your Beacon lighting ceremony on the 11th November 2018.

**Step 5:** On 1st November 2018 we will be providing you with an outline Press Release for your use, so please localise it, providing as much or as little information as you wish regarding your event, along with your contact details before YOU send it to all areas of your local media to enable them to contact YOU direct.

**Step 6:** Before the lighting of your Beacon at 7pm you may wish to consider reading out the names of those from your City, Town or Parish etc killed in action, during WWI, in remembrance of the sacrifices made.

# WWI Beacons of Light, your unique gas-fuelled Beacon

**The Battle's Over Beacon is of lightweight construction and comes assembled and complete with the exception of the gas cylinders that will need to be purchased separately:**

a) 400g disposable cylinder of propane, (Bullfinch No 1644, or equivalent) for the FirePower Torch used to light the Beacon. These can be purchased from many DIY stores or Builders Merchants.

b) One full 47 kg propane cylinder or 2 x 19 kg full cylinders are recommended to give a full flame for an hour. For longer periods of burning or with partially full cylinders you will need double the number of cylinders. These cylinders can be purchased from Flogas Britain Ltd by calling 0800 085 6225 quoting Gas Fuelled Beacons or by going to their website [www.flogas.co.uk](http://www.flogas.co.uk) where you can either order your cylinder online or locate your nearest Flogas stockist. You may also

download a propane cylinder safety data sheet from the Flogas website ([www.flogas.co.uk/safety](http://www.flogas.co.uk/safety)).

The Gas-Fuelled Beacon package will contain the following:

- Burner unit with distinct design to commemorate the event - with the motif WWI 1914 18 round the circumference
- 2m high stand with an anchor for fixing to the ground
- 10m hose with the regulator for connecting to the gas cylinders
- FirePower Gas torch for lighting the burner (you will need a 400g disposable cylinder of propane for this - (see above))
- Spanner
- Leak detecting fluid
- Hose assembly and Y manifold to link 2 cylinders
- Lighting and safety instructions

The above items are packed into 2 strong cartons.

The tripod describes a circle area of about 1.32m diameter and the beacon has an extended height of about 2.15m.

The Beacon (and flame) are stable in the wind up to 30 mph. It is supplied with a ground anchor and rope for securing to the ground if this is possible, or else we would recommend the use of sand bags. Full instructions are provided for this. The Beacon must be supervised by 2 people at all times when lit and a fire extinguisher must be provided. It is important that the supervision should be undertaken by those who are competent and it is essential that a trial be undertaken before the event to ensure that everyone is fully trained and familiar with the operation.

See our website [bullfinch-gas.co.uk](http://bullfinch-gas.co.uk) for more details.

The price is £360 plus VAT including carriage within the UK Mainland. There will be an extra carriage charge for other areas.

To order please contact:

Bullfinch Gas Equipment, Kings Road, Tyseley, Birmingham, B11 2AJ.

Tel: 0121 765 2000

Fax: 0121 707 0995

Email: [sales@bullfinch-gas.co.uk](mailto:sales@bullfinch-gas.co.uk)

Web: [www.bullfinch-gas.co.uk](http://www.bullfinch-gas.co.uk)

Payment by Bank Transfer, Credit/Debit Card or Cheque. Payment will not be asked for until the Beacon is about to be despatched. Last date to order to guarantee delivery by 1st November is 31st August 2018. However please enquire after this date for availability.

Gas fuelled Beacon, Berkley Castle, Gloucestershire, England.

# WWI Beacons of Light, Beacon Brazier

## Beacon Brazier with Metal Shield

A Beacon Brazier can be a more permanent fixture, sited in a country park, hilltop or village green, as a lasting memorial of this important moment in history commemorated, and could be manufactured and erected by using local craftsmen.

## Materials Required for Beacon Construction

Wooden centre post consisting of 305mm x 305mm wooden post, 6.25 metres in length of which 2 metres goes into the ground.

Basket and fixing brackets consisting of:

- 1 x 920mm diameter steel plate.
- 1 x 4,178 long 60mm x 5mm steel flat bar rolled into 1,330mm diameter ring.
- 1 x 3,455mm long 60mm x 5mm steel flat bar rolled into 1,100mm diameter ring.
- 1 x 2,985mm long 60mm x 5mm steel flat bar rolled into 950mm diameter ring.
- 1 x 2,922mm long 150mm x 5mm steel flat bar rolled into 930mm diameter ring.
- 12 x (approx 1,250mm long) 60mm x 5mm vertical bars (rolled to shape).
- 1 x 310mm x 310mm x 300mm high connection box welded to base of basket.
- 1 x hanging shield and support: 3.7m length of 38mm diameter solid steel rod.
- 1 x 920mm x 760mm steel plate 3mm thick 4 x connection brackets 8mm thick (see detailed drawings left).
- 2 x pins and loops.

# WWI Beacons of Light Bonfire Beacon

Locate the bonfire at least 30m away from buildings, roads, railways and public rights of way, and a safe distance from dangerous materials and overhead power lines. Ensure it has good access for the transportation of materials for the bonfire and sufficient space for spectators to stand upwind.

Obtain the landowner's permission and involvement.

Liaise with local fire brigade and emergency services, presenting them with your plans, and seek their advice and support.

**1** Prepare site by removing top layer of turf and stack away from fire area. Obtain seven poles, 5-6m in length. Attach four guy ropes to top of one pole and anchor as shown.

**2** Erect remaining poles as shown, ensuring tops are secured in place.

**3** Use either pallets or suitable lengths of timber, spreading them over ground area of beacon for a good through draught. Secure timber horizontally between poles as shown, preventing material placed over the framework from dropping through. Construct access

tunnel to the middle of the beacon. Keep middle empty until required. Always construct the bonfire so it collapses inwards as it burns.

**4** Use only wood for combustible materials. Do not burn dangerous items such as foam-filled furniture, old tyres, aerosols or tins of paint. Build upwards until height of centre pole is reached. Materials around top should be loosely packed to allow air flow. Cover bonfire to keep it dry.

**5** Fill centre with suitable, dry combustible materials. Check construction is stable and remove any unsuitable materials that may have been added. Look specifically for fireworks, aerosols, highly inflammable materials or containers with such materials.

**6** Construct a safety barrier out of ropes and stakes or scaffold poles to ensure public is kept at a safe distance from the fire.

**7** In daylight, and just before lighting, check that there are no children or animals playing or hiding in the bonfire. Arrange for, and brief sufficient numbers of marshals.

**8** The person looking after the fire should not wear lightweight clothing that could ignite easily. They should wear a substantial outer garment of wool, or other material of

low flammability, and stout boots. They should know what to do in the event of a burn injury, or a person's clothing catching fire, and should have a fire blanket ready in the bonfire area along with a number of fire extinguishers.

**9** Lighting: the safest and recommended approach is to use paper and solid firelighters in six places just inside the walls of the beacon to ensure an even burn. Never use flammable liquids such as paraffin or petrol to get it going as this can result in uncontrolled spread of fire or explosion.

**10** To light the beacon: from poles 2m in length, prepare hand torches for lighting with paraffin-soaked rags wired around one end. Remember, paraffin is dangerous and great care should be taken. Paraffin can be used as directed, but it is still dangerous and should at all times be treated with great care - for example, always ensure all excess paraffin is drained off rags before use. If spilt on your clothes during the preparation of your beacon lighting you should replace those items of clothing before approaching any naked flames. In particular, always remember to replace the lid on any container of unused paraffin and store it in a safe place away from naked flames. Do not use an accelerant on the fire itself.

Bonfire Beacon, Shipston-on-Stour, Warwickshire, England.

▲ After the event, extinguish fire and collect remaining debris. ▲ Dig over site and re-lay turf. ▲ Leave site clean and tidy.

# Your responsibility, Legal Essentials and Safety

If you are inviting personal guests to your home it is worth checking with your household insurer that you are covered in the unfortunate circumstances that there should be an accident. If your event includes inviting the public, or it is a third party venue then, where applicable, the following advice should be heeded, to ensure you have a safe and enjoyable event for everyone involved.

## Licensing

Your local authority is responsible for licensing of such events. This includes the sale of alcohol (please see separate section) and Regulated entertainment, which includes live and recorded music along with other types of entertainment. Generally if there are going to be no more than 499 people present at your event, including staff and performers you can apply for as Temporary Event Notice. This is a simple process and can be obtained from your local Council and completed on line for only £21. If you expect more than the 499 people you will require a Premises licence to allow your event to take place. This process takes at least 28 days after you have submitted your forms, so leave plenty of time, the process may seem complicated but you can get assistance from your local licensing service at the Council. Local authorities will treat each event individually. The licensing officer's job is to advise the local authority's licensing committee on the granting of a licence should anyone object. If there are no objections the licence will be granted but you may have to agree to some conditions. It is always worth checking before you apply with the Councils licensing service to see if location already has a licence, as some open spaces are already licensed. Talk to the licensing officer as soon as possible. In Northern Ireland, if you plan to sell alcohol at an event, you will need to apply for an occasional liquor license from the Northern Ireland Court Service.

## Safety Advisory Groups

A lot of local authorities run Safety Advisory Groups for events, these groups consist of all emergency services plus other members such as the Highways authority. They can provide you with all the information you require and some have example event plans to assist you organising your events, you can normally contact them through your local Council or the Police events officers.

## Insurance

Unfortunately accidents can happen at even the best organised events. Therefore you will need to consider and obtain insurance cover for your event, whether you are holding an event on your own premises or someone else's. Beacon/Bonfire events require specialist public liability cover. If you hire a park or venue or use land owned by a third party for your activity, they are likely to require you to have your own suitable insurance to cover your liability for any injury to the public or damage to other people's land or property. If hiring equipment for the event, you may need to insure these items; you may also need to consider cover for loss of any financial outlay you incur if the event has to be cancelled for reasons beyond your control, or loss of money, particularly if you are holding a fund-raising event. To help you obtain the appropriate insurance, and risk management advice, we are working closely with Unity Insurance Services, which is a specialist insurance broker in the voluntary and non-profit sector. They have developed a range of bespoke insurance covers specifically for the Beacon/Bonfire events. Unity is owned by a charity, The Scout Association, and donates all its profits back to charity. To obtain a quote or for more details or advice on the insurance cover you may need, please visit Unity's website, [www.unityinsuranceservices.co.uk/beacons](http://www.unityinsuranceservices.co.uk/beacons) or telephone them on 0345 040 7702.

Alternatively, the licensing officer may be able to direct you to a suitable specialist company or broker, but you should not try to source this kind of insurance from a non-specialist.

## Emergency Services

Tell the police well in advance about the type of event you are planning, and get in touch with your local community police officer. Write to the fire brigade and ambulance service, particularly if you are planning to have a Beacon/Bonfire, fireworks, or an event that will attract a large crowd. St John's Ambulance and the British Red Cross will provide first aid and sometimes a vehicle. You can be expected to be charged for these services. If your Council has a Safety Advisory group this process will be part of the process and will save time.

## Food and Drink

Basic food hygiene guidelines should be followed at all times if you are providing food and drink. Caterers must have food hygiene certificates. Advice on this subject can be obtained from your local council environmental officer. If you are using outside catering companies check with your local authority to see if they are a registered food business.

## Alcohol

If you wish to sell alcohol at your event you will need to obtain a licence, please see the section above on licensing, it is important that you obtain the correct permissions and your local authority Licensing service will help you do this. You can normally use a temporary events notice for a bar as only a small number of people can be present (less than the 499 limit).

## Site Clearance

The local authority will arrange for clearance and disposal of litter after your event if it is on public ground (check for possible charges). You can help this process by arranging litter bins or recycling bins around the site, and a crew to clear up throughout the event.

## Hiring or Borrowing Equipment

Your local authorities, or local event organisers may be able to help you with contacts for supplies such as marquees, portable toilets, barriers and bunting, or may in some cases have these for you to hire and borrow. You may also need to consider generators, a public address system, and emergency flood lighting. If you need to arrange insurance for your hired equipment, Unity Insurance Services can arrange this for you too. If you hire a Marquee make sure the company providing it provide you with the necessary safety certificates.

## All Ability Access

Access for the disabled is very important. Many local authorities run community transport schemes. Talk to them about arranging transport. On green field sites access may be improved by cutting the grass before the event.

# *Message from the First Sea Lord Admiral Sir Philip Jones KCB ADC Chief of Naval Staff*

Admiral Sir Philip Jones KCB ADC  
First Sea Lord and Chief of Naval Staff

Images of trenches and barbed wire are an indelible part of our collective national memory, but the First World War also reached far beyond the Western Front. At sea, it stretched from the Battle of Jutland in the North Sea to the twin battles of Coronel and the Falklands in the South East Pacific and the South Atlantic Oceans, while to the east it spilled onto the beaches and clifftops of the Gallipoli Peninsula in Turkey. The lighting of Beacons will be an opportunity for families and communities around the country and overseas to remember their individual connections to these global events, and the many personal examples of courage and sacrifice.

As these Centenary commemorations draw to a close, the memory of those who fought in the First World War must never be extinguished. We must continue to learn the hard won lessons of this terrible war, because today, as was the case a century ago, our own national wellbeing is indivisible from the cause of peace and security in the wider world.

# The Royal Naval Association is proud to be associated with 'Battle's Over - A Nation's Tribute'

**With over 16,000 members across 300+ branches in the UK and overseas, we are a family of current and former Naval Service personnel, relatives and supporters of our country's Royal Navy.**

Whether we are catching up with friends at our regular social events; fundraising; advising on welfare and employment matters, or just providing an arm around the shoulder, our natural willingness to help others stems from the tradition and camaraderie that only Naval Service life can instil. Everything we do is inextricably linked to our core values:

## Unity

Shared backgrounds and equality in rank. We share the same bonds, the same mindset, and even the same language (Jackspeak!). We are all equal. We are the heart and soul of the RNA.

## Loyalty

To each other and our dependants. We will always support and look out for each other. Our loyalty is to all our shipmates, our local communities, the personnel and dependants of the Naval Service, along with other charities or organisations with naval connections.

## Patriotism

We are proud to serve and proud to represent our country and the Naval Service. Our pride in serving our country never leaves us. Nor do we forget those who have fallen for our country or who fight now. We are deeply honoured to represent them on both a national and international level.

## Comradeship

Friends in fun, fellowship and need. Your shipmates will always be here for you, whether it's about a job, ideas for a fun day out or just an arm around the shoulder. We will never leave you or your dependants in despair.

The Royal Naval Association has lots of great things going on:

- Project Semaphore to bring digitally isolated naval veterans online.
- Befriending naval veterans who need an arm around the shoulder.
- 3 minibuses fitted with wheelchair hoist for socially isolated veterans.
- Support for those leaving the Royal Navy - the Shipmates and Oppos programme.
- We support and lead the Conference of Naval Associations, a group of 70 like-minded naval associations, bringing great benefits and working together. [www.cona.org.uk/](http://www.cona.org.uk/)
- Most importantly we have fun together with our regular meetings and organised events - such as our annual reunion and Conference and the Remembrance Sunday march at the Cenotaph.

The RNA has been involved with many aspects of commemoration of the First World War.

- Our National Standard led the parade at the National Event at Lyness cemetery on the Orkneys for the Battle of Jutland, our members have been part of many events.
- We have lent the Chapel door of HMS WARSPITE to the National Museum of the Royal Navy - for their Jutland Exhibition running in Portsmouth from 2016 to 2020.
- We are the lead sponsor with the Woodland Trust in the establishment of the Jutland Wood as part of their WW1 Centenary Wood Project. The wood will consist of 6,094 trees - reflecting the number of Royal Navy sailors who lost their lives on that day in May 1916. The RNA has sponsored two of the large specimen trees in the main avenue, and hope to have members at the planning at Langley Vale Epsom in the Winter of 2017.

# Message from General Sir Nicholas Patrick Carter KCB CBE DSO ADC Gen Chief of the General Staff

**The Beacons of Light Tribute is a poignant reminder of the darkness brought by war so evocatively captured in Sir Edward Grey's quote from 1914.**

*"As the lights go out and the beacons are lit it is timely to reflect on what we might learn from our forefathers' experiences. We owe it to those who have gone before us to help the younger generation, further removed by time from war, to see beyond the mud and the blood and the casualties. We might learn about national resilience and community spirit, and in being prepared to fight the war we might have to fight, there is a much better chance of deterring that war from ever happening."*

**ABF The Soldiers' Charity is the National Charity of the British Army. Originally established as the Army Benevolent Fund in 1944, we provide a lifetime of support to soldiers, veterans and their immediate families in times of need.**

### How we help

We give financial assistance to individuals as well as make grants to a large number of specialist charities and partner organisations such as Combat Stress, SSAFA and the NSPCC, which provide support on our collective behalf.

The scope of our work is huge; from providing funding for specialist medical equipment for the 6-month old child of a serving soldier, to assisting with the care home fees of a 105-year-old veteran, our work touches the lives of around 80,000 people each year, sustaining the British Army 'family' both at home and around the world. We are The Soldiers' Charity: 'For Soldiers - For Life'.

### How you can help

From abseils, skydives and 24-hour hikes across the Scottish wilderness, to cake sales, big curries and cycling challenges, there are many ways for you to get involved and support our work. However you choose to support us, your contribution will go a long way to making a difference to the lives of serving and veteran Army personnel, and their families.

We don't receive any statutory government funding, so we rely on the generosity of our supporters to ensure we can continue to be here, supporting the men and women of the British Army.

**This Tribute will be supported across the length of the UK and the breadth of her overseas territories.**

All of these communities made significant sacrifices in the seas, fields and skies during World War I, and this act provides the perfect opportunity to commemorate those hardships. And yet, the return of these beacons of light to the darkness reminds us of the hope which carried the Nation and her citizens through. That message of hope and inspiration is particularly apt in the centenary year of the birth of the RAF as the world's first independent air force, and I welcome the opportunity to reflect on both the grave losses and the incredible achievements which occurred during those dark years.

# THE HEART OF THE RAF FAMILY SINCE 1919

**Royal Air Force  
Benevolent Fund**  
THE HEART OF THE RAF FAMILY

Since our foundation in 1919, the RAF Benevolent Fund has been there, through thick and thin, supporting the RAF family.

Our principal activities are to provide assistance to the RAF family when they are in need, maintain and preserve the RAF Memorial in London on behalf of the nation, support the morale and wellbeing of the serving RAF and be responsible for the Bomber Command Memorial in central London.

## HOW WE HELP

We routinely help over 41,000 individuals every year, by providing a range of support aimed at serving and former RAF personnel. We also support members of the Air Cadet Organisation, including members of the Combined Cadet Force RAF component, if they are injured whilst on duty.

They include welfare breaks for families and veterans, grants to help with getting about inside and outside the home, specialist advice on benefits and care services, individual grants for RAF Stations and Station personnel and support for young people through our Airplay programme.

By working with others, we ensure that members of the RAF family get the right support, when it's needed. Last year we gave over £1m in external grants to over 50 charities and organisations including RAFA, SSAFA and the Royal British Legion.

## HOW YOU CAN HELP

There are lots of ways you can get involved with the RAF Benevolent Fund and we always welcome your support.

And don't forget whatever you do, no matter how small, will go a long way in helping us make a difference to the lives of RAF personnel, past and present, and their families. From cake sales to fun runs, cycling challenges to dinners, your support matters.

We receive no regular government funding, so we rely entirely on people like you to continue our work supporting the men, women and children of the RAF family whenever they are in need.

# Message from Captain John Sail - National Chairman, The Merchant Navy Association

**'Battle's Over' offers a wonderful opportunity to both record and remember what was endured and forgiven but not forgotten.**

During the First World War attacks on merchant ships began slowly as the enemy sought to blockade Great Britain. In 1914 and 1915 a total of 342 ships and nearly 2,500 men, women and boys lost their lives with more being injured. During 1916 alone 396 ships and 1,217 seafarers lost their lives and if it were not for the introduction of the Convoy System, in 1917, many more merchant ships and their crews would have been lost and very likely the war as well. The Battle of the Atlantic was one of the most significant battles of that war and for the seafaring communities across the UK and overseas. We will remember them all now their 'Battle is Over'.

*John Sail*

Capt J M R Sail MNM MNI  
MNA National Chairman

*His Majesty's Hospital Ship (HMHS) Britannic (below) was launched just before the start of the First World War and was laid up at her builders, Harland and Wolff, in Belfast for many months before being put to use as a hospital ship in 1915. She was shaken by an explosion, caused by a naval mine, off the Greek island of Kea on the morning of 21 November 1916, and sank 55 minutes later, killing 30 people. There were 1,065 people on board; the 1,035 survivors were rescued from the water and from lifeboats. Britannic was the largest ship lost in the First World War.*

# The Merchant Navy Association

from ship to shore, from past to present

The merchantile marine, as it was termed in those times, played a significant and often critical role throughout the First World War...much the same as it would two decades later. In both world wars merchant seafarers and fishermen fought the enemy, the weather and the seas to keep the nation and the Armed Services supplied and able to defend themselves. Their way of life and conditions of service were austere with seafarers often not returning home for over two years, some having been sunk, survived and transferred to other ships to maintain those lines of support.

During the First World War attacks on merchant and fishing vessels began quite slowly but increased significantly as the enemy sought to blockade Great Britain. In 1914 and 1915 a total of 342 merchant vessels were lost to enemy action with 2,471 men, women and boys losing their lives. During 1916 there were 396 ships and 1,217 seamen killed. In the following year, 1917, the losses were so severe that the ships being built could not match the number of ships being lost in action with six ships a day being sunk on some days. The loss of life was increasing significantly. It was so severe that if the rate of losses of ships and men had continued the war would have been lost. No food, no fuel, no wood, no arms and ammunition especially some of the 91 million shells that were eventually produced and transferred by sea. In that year 1,197 ships were sunk through enemy action and 6,408 seamen were lost at sea with their ships...their only grave the sea. The losses had to be decreased and this was achieved by the introduction of the Convoy System in 1917. In 1918 the impact of the actions in the previous year were clearly evident with 544 ships and 4,122 seamen lost.

The total recorded losses for the First World War were 2,479 ships and 14,287 seamen plus 675 vessels of the fishing fleet and 434 seamen. There were many more seafarers who died ashore and were not commemorated. They had to die at sea to be commemorated even when they were hospitalised because of their wounds. They were also off pay when their ships were sunk. They actually had to die at sea to be commemorated.

The men, women and boys who were lost at sea during the First World War included lads such as Redan Sydney Jeffries (aged 13) of Lowestoft, presumed drowned on 24th October 1917. Redan was a Cook aboard the fishing vessel Vanguard. More than twenty-nine Boy seamen aged only 14 lost their lives for their King and Country. At the other end of the scale were men long overdue for retirement who insisted on "doing their bit" and who paid the ultimate sacrifice. Men such as A.B. Patrick Casey, aged 73, killed when the S.S. Dotterel was sunk by a mine off the French coast on 29th November 1915....they were the forgotten heroes, their lines of support were never broken.

**Few design agencies have the privilege of working on projects of national significance.**

From celebrations to mark the 200th anniversary of the Battle of Trafalgar and the 90th anniversary of the Royal British Legion to Fly a Flag for the Commonwealth, TMS Media has had the pleasure of working with Pageantmaster Bruno Peek on events that celebrate many important milestones in our history and culture.

Much of Bruno's work has associations with historic anniversaries, for example, The Queen's Diamond Jubilee Beacons project was a high-profile televised celebration for which we designed a guide to taking part and a website for people and organisations to register events around the country.

Our creative work for the hugely successful Fly a Flag for the Commonwealth in 2013 also included a website and a guide, which has been updated to showcase some of the many exciting events that took place in its inaugural year.

We're delighted to be the Pagemasters to the Pageantmaster.
