

## **PRESS RELEASE**

### **Bus Services - Correction**

Stone Town Council would like to correct the information contained in a recent Little Bit of Stone news article headed "Stone Town Council's Conservative Councillors issue statement on replacement bus service".

Contrary to the statement in the article referred to above, whilst discussions are continuing with respect to the provision of once a week services between the town centre and each of the Aston Lodge, Stonefield, Walton and Cherryfields areas, that provision has not yet been secured.

Whilst it is the Council's wish to support, for at least a trial period, a partial replacement of the D&G services which ceased on 22<sup>nd</sup> July 2018 (not in April, as stated in the above article), it can only do so once a contract with a suitable operator has been signed.

**ENDS**

**23<sup>rd</sup> August 2018**

Les Trigg
