An email from Stafford Borough Council, a Location Plan and a Planning Layout map had been distributed with the agenda for the meeting.

The Committee acknowledged that it would like street names to have a local connection with Stone and that it should consider preparing a reserve list of names that could be held for future use. A list of names from the War Memorial have been used as suggestions on previous occasions.

Councillor Leason confirmed that 'Ancestry' was the name of a local company that had previously been in business in the town.

* Items marked with an asterisk refer to reports or papers circulated with the agenda or distributed at the meeting. They are attached as an appendix to the signed copy of the Council minutes.

GP20/090 Members Motion

Councillor R. Kenney

'I propose that Stone Town Council supports both Staffordshire County Council and Stafford Borough Council in their recent declarations of Climate Emergency and in doing so will, through its recently formed Environmental Working Group, report to the General Purposes Committee what actions Stone Town Council can also take to achieve carbon neutrality'.

Councillor Adamson proposed an amendment to the motion to add the words 'also declare its own Climate Emergency and' following the words 'and in doing so will' in Councillor Kenney's motion. It was emphasised that this was a statement only, with no immediate resource implications, as actions would only be determined following the report of the Environment Working Group.

Both the mover and seconder of the original motion accepted the proposed amendment, so it became the substantive motion.

RESOLVED: That Stone Town Council supports both Staffordshire County Council and Stafford Borough Council in their recent declarations of Climate Emergency, and in doing so will also declare its own Climate Emergency, and through its recently formed Environmental Working Group, report to the General Purposes Committee what actions Stone Town Council can also take to achieve carbon neutrality.

The next meeting will be held on 18 September and Town Councillors are very welcome to attend.

Subject: Planning application 19/29876/FUL Care home, Land adjacent to the Fillybrooks, Walton, Stone
Attachments: 190918 Decision letter to LPA - Land Adjacent to Fillybrooks, Stone.pdf

Dear Les Trigg

In my email of 18 March about the above planning application I promised to let you know the outcome of the Secretary of State's consideration.

The Government remains committed to giving more power to councils and communities to make their own decisions on planning issues, and believe that planning decisions should be made at the local level wherever possible. The call-in policy makes it clear that the power to call in a case will only be used very selectively.

The Secretary of State has decided, having had regard to this policy, not to call in this application. He is satisfied that the application should be determined at a local level.

I appreciate that this is not the preferred outcome for the Town Council and I understand that there will be great disappointment as a result. It is however, now for the Stafford Borough Council to determine this application and a copy of our letter to the council is attached for your information.

Yours sincerely

A Chaplin

Dear John Holmes

Town and Country Planning Act 1990

Erection of a sixty six bedroom, care home at land adjacent to the Fillybrooks (A34), Walton, Stone - application number: 19/29876/FUL

I refer to the above application which has been the subject of third party requests to call in for determination by the Secretary of State for Housing, Communities and Local Government.

The Secretary of State has carefully considered this case against call-in policy, as set out in the Written Ministerial Statement by Nick Boles on 26 October 2012. The policy makes it clear that the power to call in a case will only be used very selectively.

The Government is committed to give more power to councils and communities to make their own decisions on planning issues and believes planning decisions should be made at the local level wherever possible.

In deciding whether to call in this application, the Secretary of State has considered his policy on calling in planning applications. This policy gives examples of the types of issues which may lead him to conclude, in his opinion that the application should be called in. The Secretary of State has decided not to call in this application. He is content that it should be determined by the local planning authority.

In considering whether to exercise the discretion to call in this application, the Secretary of State has not considered the matter of whether this application is EIA Development for the purposes of the Town and Country Planning (Environmental Impact Assessment) Regulations 2017. The local planning authority responsible for

determining this application remains the relevant authority responsible for considering whether these Regulations apply to this proposed development and, if so, for ensuring that the requirements of the Regulations are complied with.

The Article 31 Direction issued pursuant to the Secretary of State's letter of 21 August 2019 is hereby withdrawn.

Yours sincerely

D Moseley
